Welbeck Gardens Bolsover

Homes guide

 forgenewhomes
 @forgenewhomes

Company number OC428954

Welcome to Welbeck Gardens – an exclusive development of just 58 homes, perfect for today's growing families.

Welbeck Gardens sits on the edge of the vibrant market town of Bolsover, nestled in the Derbyshire countryside. While the amenities of Bolsover are nearby, the location is peaceful, bordered on two sides by the rural landscape.

All homes for sale at Welbeck Gardens are detached, with a driveway. Most home types have four bedrooms, with the Nuthatch offering a three-bed option.

Whichever home you choose, you'll find the highest standards of design and construction, as well as superb fixtures including a fully integrated Howdens kitchen with Bosch appliances. Bathrooms feature white Vitra sanitaryware, Hansgrohe showers and Porcelanosa tiling.

All 52 homes available at Welbeck Gardens are detached, with a driveway. Where shown on the map, a separate garage is also included. Your home comes with a fully turfed garden.

Homes are set away from the main road in a series of quiet cul-de-sacs, giving a sense of space and tranquillity.

Bedroom 4	3.52m x 2.52m
Bathroom	2.15m x 1.93m
Ensuite	1.83m x 2.16m

The design of our homes at Welbeck Gardens is efficient, sustainable, and future-proof. Timber frame construction is complemented by high levels of insulation.

NIBE air source heat pumps, radiators and hot water cylinders are fitted as standard, providing your hot water and heating. Your well-insulated timber-frame home, combined with efficient heating and hot water, should serve you and your family well for many years.

Your Forge home is all-electric and zero gas, meaning it has the potential to be powered by 100% renewable energy. A high level of airtightness adds to thermal efficiency, aided by continuous background ventilation.

Each home has an EV charging point.

Compared to homes built before
June 2022 building regulations
Forge homes are:

31%

more energy-efficient

“Here at Forge, we’re focused on building new homes that don’t just look wonderful inside and out, but enable you to make the most of modern life. That’s why, when it comes to quality of materials and build, and the partners and suppliers we work with, we’re adamant that only the best will do.”
